Digital Maturity Assessment Toolkit

Empowering long-term care organisations on their journey to digital transformation

What is the DMAT?

The LAUREL Digital Maturity Assessment Toolkit (DMAT) helps health and care organisations evaluate and improve their digital readiness — enabling the shift towards better integrated, person-centred services.

Care Organisations
Assess digital readiness and guide strategic deployment of smart solutions.

Policy Makers & Funders
Understand the digital maturity landscape of I-LTC services at systemic level.

Technology Developers
Align products with real needs and maturity levels of LTC organisations.

Two Assessment Tools

TOOL 1 — For Organisations with an I-LTC Initiative
Directors & senior management representatives
- Digital Governance & Management
- IT Capability & Interoperability
- People Skills & Behaviours
- Strategic Planning
- Cybersecurity & Ethics

TOOL 2 — For I-LTC Initiative Leaders
Directors & senior management of I-LTC initiatives
- System & service digital readiness
- Technology maturity evaluation
- Effectiveness of digital solutions
- Societal impact assessment
- Ethical considerations in digital care

Sample Assessment Results

Below are example outputs generated by the DMAT tools — showing how organisations receive a clear visual profile of their digital maturity across key dimensions.

Tool 1 – Organisational Digital Maturity Scores

Scores across 8 domains (scale 0–4). High performance across all dimensions.

Tool 2 – Service Capability Profile & Technologies

Relative maturity (%) across service dimensions with linked Technology Readiness Levels.

Benefits of the DMAT

01 Status Quo Baseline
Clear starting point to guide strategic planning & investment.

02 Person-Centred Focus
Supports resource needs for better I-LTC person-centred services.

03 Smart Tech Adoption
Guides adoption of new technology to improve I-LTC outcomes.

04 Digital Integration
Identifies targeted interventions to enhance digital integration.

05 Policy Intelligence
Insights for policy makers on the digital readiness landscape.

06 Free & Actionable
Clear, free analysis for implementing organisations — no cost.

How It Works

FREE for I-LTC implementers

1 Contact Us
Reach out to the DMAT team to express your interest.

2 Select Your Tool
Choose Tool 1 (organisation) and/or Tool 2 (I-LTC initiative).

3 Complete Questionnaire
Senior managers complete the digital maturity questionnaire.

4 Receive Free Analysis
Get your assessment report on digital maturity at no cost.
